## **The New POST Editor...**

All of us want to thank Kat Hsueh for stepping up to the plate and assuming the editorship of the Prieta POST. The April issue, her first, was very well done. Thanks, Kat, carry on! Oh, the photo next to her column proves once and for all that Kats and dogs do coexist in peace.

## **Moving on...**

Kevin and Debbie Bennett are moving soon and I'll miss them more than words can say. The Bennetts joined LPR in 1990 and shortly thereafter jumped into LPR life with both feet and a few other body parts, some are still intact. Along the way, for (almost) 30 years, Kevin and Debbie have become active mainstays chairing good time gatherings at their home, chairing one day and weekend tours, and volunteering for any event that needed volunteers. Both have been members of the LPR board and committee chairs as well. Their level of activity is legendary.

Another one of those strange things that happens with active club members is people who are also active clubbies became friends, this is the case with the Bennetts, myself, Kathy and eventually Angie. Somehow we talked about putting on a weekend tour to wherever soon after they joined LPR, that talk lead to finalizing the tour... and you really get to know someone while spending several days riding in a car while setting up a weekend tour. We had a blast! We became friends. The years have since pas quickly as we continued to plot tours as well as other LPR activities. One other item of note, Kevin and I love to put our head together and come up with the words and artwork for our tour events, while doing this Debbie would stroll down the hall of their home to Kevin's office and ask what's with all the giggling and laughter, it was just us little boys having a good time creating the publicity. If you haven't as yet thanked Kevin for his many years as the POST Editor, please do so while you have an opportunity.

Now the time has come for my pals to move on. Even though there will be time and distance between us I won't let them off the hook, they're

❖ The Road Ahead..

stuck with me as a friend...and I will miss them more than words can say.

### **Events to Remember...**

Taking a look back at two memorable events as March Madness lived up to its name! The first was the March 16th Autocross at the Marina Airport – 71 drivers hit the pavement to begin the 2019 autocross series...what a turnout! Anne Roth and her autocross committee deserve a round of applause. The next day, March 17th, was the St. Paddy's Day Tour hosted by Steve Douglas, this was another outstanding event and turnout – 29 Porsches ranging from in age from 1958 to 2018 – 60 years of German engineering enjoying a gorgeous Springtime Sunday drive through the Santa Cruz Mountains and along the coast, ending with lunch. Kudos to Steve and Lori for presenting us with another wonderful LPR tour.

### **Finally...**

There's always time to pitch a few upcoming LPR events, so I'll pitch straight down the middle with no curve balls: May 4th is the first Tech Session of 2019 at Wardell's Interiors and Tops; May 7th is the LPR board meeting, all are welcome; May 12th is the LPR Autocross #3 at the Marina Airport. ; May 19th is the Week After Mom's Day Tour and lunch, OK to bring mom, she deserves another lunch. Check out your online or printed Prieta POST for all the details. There are many opportunities on the horizon to fire up the Porsche, settle behind the wheel and enjoy...*the road ahead.*

# POST Script

Happy Mother's Day!

My mother is someone I truly admire. When I think about her, I get a little emotional. She has been selfless and made most of her decisions based on her family's needs. She and my father worked tirelessly to provide for my brother and I. Only after we left the nest, did she start doing some things for herself and then even more for the community.

My dad was recruited by a large company in Ohio in the late '60s. He and my mom were just out of college and engaged. They decided to move here with just a suitcase and their education. They had an engagement party in Taiwan but didn't have any friends or family at their small U.S. courthouse wedding. My mom pursued her M.A. in English and then soon after, they had me! They were only 26 at the time! I can't even imagine being that age in a foreign country, speaking a second language and then having a baby without a support system in place.

My mother earned her teaching credential and went back to work when I was in preschool, teaching Special Ed. I remember when she would take me to the classroom with her sometimes. Here, I was exposed to children and adults who needed more help. This is just one example of where she has influenced me throughout my life - to volunteer and help others through mentoring or pet therapy. I don't thank her enough for this experience or other things she has taught me or shared with me. I love you and thank you, MOM!

What is your favorite memory of your mother? I hope you will take some time on May 12th, or more frequently, to remember and connect with her.

Editor

The Shark Tank  
**Barracudas GTG**

*by Lisa Radding*

COWABUNGA! The Barracudas were in the house. It was an amazing day at the Shark Tank. We had a wonderful turn out to the Nickelodeon sponsored San Jose Barracudas vs. the Bakersfield Condors.

Standing in front of the entrance to the Shark Tank was a sea of blue.

Hundreds of fans were dressed in their Sharks Jerseys and team colors. This seemed a bit odd to me but then it dawned on me that the players for the Barracuda are aspiring to be on the SHARKS.

The first to arrive were, Vince Vincent, Christina and her friend Daniel. They were all dressed in full sharks gear as well. So impressive! They were like many of the fans pulling a double header for the day after already watching the Sharks play at noon.

Left: Vince Vincent, Daniel and Christina Vincent ready for their second match of the day!

Kevin Bennett along with his son and grandson were ready to watch the match.

Kris and Tony Vanacore joined us all as we stood in line to get into the Tank. Upon entering, the first 4000 people would receive collectable Radim Simek and Tomáš Hertl Bobbleheads.

New to our club are Gary and Pam Aquilina, also huge Sharks fans, joined our GTG and they too, were on the road to a double header day.

It was a great time watching the excitement of the teams as well as the fans' enthusiasm for their respective teams. The Teenage Mutant Ninja Turtles were also in attendance wandering the audience with the team mascots. The players of course were wearing Mutant Ninja Turtle hockey attire. AWESOME!

Although the Barracudas did not prevail, it was a fun time!

## St. Paddy's Day Drive

by Steve Douglas

Photos by John Reed

March 17th, St. Patrick's Day:

The day began with 24 Porsches gathering in Santa Cruz, ready for the days drive. Highway #9 is a wonderful road for Porsche cars on an early Sunday morning; it's not fast and it's fairly twisty, passing through redwood forests, small mountain towns, and with hardly any traffic. Forty-five minutes of touring and we were at Skyline Blvd. - the summit between the "Valley" and "Coast." There, we met another 11 cars,

and lost 3 who needed to return. Skyline, aka Highway 35, has been closed since the big storm in January. CalTrans had hoped to have it open, but it wasn't.

Plan B went into effect with a detour into Saratoga, then Highways 85 and 280 to Woodside. Destination Alice's Restaurant in Skylonda and meeting a third group of cars. Arriving at 11am, we had beaten the crowd and had plenty of parking. Spending about an hour was enough time to enjoy the cars and bikes assembled there. A brand new orange GT-3 RS showed up - the ultimate "ticket getter?"

By then we had about 32 cars gathered, representing 61 years of Porsche; Steve Raucher's '58 Speedster, three early 930 turbos, two 968's, and one fresh off the showroom Cayman S. Our group did draw a lot of attention. Alice's is the place to take your car or motorcycle to be "seen," as there is an ever changing collection of rare and special vehicles coming and going.

Leaving Alice's, the group of 32 cars headed for the coast, La Honda Rd., and Pescadero Creek Rd. Finally, we took Cloverdale Rd., which is one of those moderate speed mountain roads, 70+ with no traffic and no police.

A 1/4 mile of Porsches pulled into Highway 1 Brewery for lunch where we had a couple long tables in the backyard along with a couple more inside reserved. Great beer, lots of food, plus a time for everybody to swap tales and get to know one another.

What made this drive special? As planned, a drive to bring together many of the Porsche enthusiasts from the South Bay and Santa Cruz. I have an email contact list from the 356 groups, along with many friends who may or may not belong to a Porsche club. The LPR newsletter brought in a few at first, and my email list brought in a few more. By Friday afternoon I had 23 cars. Saturday I started getting emails

about every two hours, and even at 11:30 Saturday night I got an email telling me they would be coming. With some doing partial sections or just meeting at Alice's we actually had 49 different cars. George Slater came from Mill Valley, we had two from Monterey, two from Pleasanton, and 11 from Santa Cruz County, and the rest were scattered throughout the Peninsula and Santa Clara County.

I think the comment that Dick Wallace shared was appropriate "Today, Mary and I went on a tour that brought so many memories of our last fifty years of different tours with PCA. Over sixty model years of Porsches zipping up and down through the redwoods of northern California and then to lunch on Hwy 1."

It's not about what year you drive, or how pristine your car is; it's about bringing the people who enjoying Porsches together, making memories, and sharing the day's drive.

My Next Drive: September 22, Sunday, Santa Cruz to ???

### **Golden Gate Region Opens DE and West Coast Race Series**

Golden Gate Region opened its DE season in conjunction with the opening round of the PCA Club Race, West Coast series at Thunderhill Raceway on March 23-24th. There were over 93 drivers participating in the DE event, Drivers Education, while 22 drivers participated in the PCA Club Race. This was my first DE event in about 2 years and the first time that I have attended a PCA Club Race. The event was very well organized with dozens of volunteers needed to put the event on without issues. Golden Gate Region DE chair **Jim McClelland** showcased his skills organizing a flawless event not only for the PCA members participating in the DE event but did a great job coordinating the PCA Club Race. Safety is always a top concern whether in club racing or running a DE event and at the drivers meeting it was emphasized repeatedly.

The West Coast Series is a PCA club racing points competition comprised of the all the PCA club races that occur on the west coast of the USA. Historically, club racing in the PCA has been most popular on the east coast, and this series was created (starting with the 2014 season) to encourage west coast club members to take up club racing by providing them with the increased competition and sense of camaraderie that comes with having one's own competitive series. All PCA club racers are eligible to participate and all entrants are automatically entered into the series.

DE or Drivers Education Events are commonly run in conjunction with the PCA Race Series as a way to encourage more PCA members to get involved in a track experience and to learn the amazing performance capabilities of their Porsche. Adding a DE to the Club Race also helps financially with covering the costs of the track rental. DE's are designed for members who are first time owners who have never driven in a track environment or drivers with years of track experience. GGR requires all first timers to attend a mandatory ground school usually held a week before the event as well as another orientation at the track. Included in your fees is an experienced instructor who will ride and coach you all day long until he or she feels you have the necessary basic skills to drive the track solo. Each DE event includes from 5-6 25 minute sessions on the track. Run groups are organized so that novices or beginners run in a separate group from the faster intermediate and advanced drivers. Between runs, beginners are required to attend post session debriefings which cover safety issues, the best lines for taking various turns at the track, a review of course worker locations on the track, what to do if you go off course, and other safety procedures.

I was lucky to have as my instructor, **Stephen Shaw**, who assisted me in the morning runs with my steering inputs, hand position, and the racing line. His 19 year old son, **Matt Shaw**, was also in attendance as a student and lapped me at least once in his Volkswagen GTI. Youth has its advantages!

**Jim McClelland** could not put on these events without the assistance of an experienced team of volunteers which include but is not limited to the following individuals: **David Bunch, Sharon Neidel, George Neidel, Chuck Kolstad, Ken Mack, Scott Kalkin, Dan Thompson, Diane Dorr** and **Rick Schoonover**. Thank you and all the volunteer driving instructors for your service to GGR and PCA! Sandy Provasi, Zone 11 Rep, Tom Provasi, Werks Reunion Chair, and Mike Holtzclaw, Alaska Region President who joined our meeting. The meeting topics covered a broad range of important topics such as the responsibilities of the Zone Rep, region membership updates, the responsibilities of the region presidents, adoption of an Emailer 3.0 guideline for the Zone and a special presentation on risk management, insurance and PCA's updated strategic plan.

Looking ahead to many of the events of interest in the Zone as well as PCA are the following:

This special tour enables you to experience the Castle illuminated at night, and is longer than daytime tours (100 minutes). Docents in period dress bring 1930s history to life as they move silently through the sumptuous rooms of Casa Grande. A vintage newsreel in Hearst's private theater rounds out the evening. We will be bused from the Visitors Center to the Castle for the tour.

Evening tours ticket prices about \$36 (varies depending on booking. We can't make firm reservations until Aug. 1st but we are on the group reservation list)

\$8 service fee to change date or time of tour and a \$7 cancellation fee
